PROSPECTUS

# A warm welcome

I am excited at the opportunity of being able to serve as Principal at Epworth Primary Academy. Our goal is to impart knowledge, teach skills and instil a love of learning. I feel extremely fortunate to work with such wonderful children. I truly believe the successes we have had in our school are due to the hard work and dedication of our staff and parents in support of the children of our community. We want your child to be happy and successful at Epworth Primary Academy and believe that parents play a key role in that endeavour. We hope that your child's school experiences at our school will be pleasurable, rigorous and most importantly, will create memories to last a lifetime.

Sean Woolley  
Principal

*“Every child is given the  
highest level of teaching  
possible ”*

*“At Epworth Primary Academy we work incredibly hard to create a happy and secure environment in which all individuals are encouraged to develop and reach their maximum potential. ”*

# Our school aims

We inspire all children to be creative, enthusiastic life-long learners. We encourage children to set high aspirations for themselves as well as offering support to achieve the highest possible standards.

We promote religious tolerance, strong moral values, good manners and discipline. We are a school that believes in positive encouragement.

We can offer a broad based, balanced curriculum enriched with practical experiences to suit the needs of every child. We believe in personalising the learning to ensure every child makes excellent progress.

We ensure everyone has their voice heard and strongly believe in equal opportunities for all.

We work closely with our community for the benefit for all.

# Parents

We never underestimate the good start that parents give to their children. We work in partnership with all our parents to ensure the very best outcomes for every child.

Encouraging parental involvement in all aspects of school life is a high priority for the Academy. We communicate with parents through: newsletters, home school diaries, parents' evenings, written progress reports, workshops, curriculum sample days as well as celebrations and concerts.
